

TECH **EXPERT**®

ELECTRONIC THROTTLE BODIES

**THE MOST COMPREHENSIVE
ETB LINE IN THE AFTERMARKET**

LOOKS RIGHT. FITS RIGHT. PERFORMS RIGHT.

THE MOST COMPREHENSIVE ETB LINE IN THE AFTERMARKET

High OEM failure rates make ETBs a key aftermarket category.

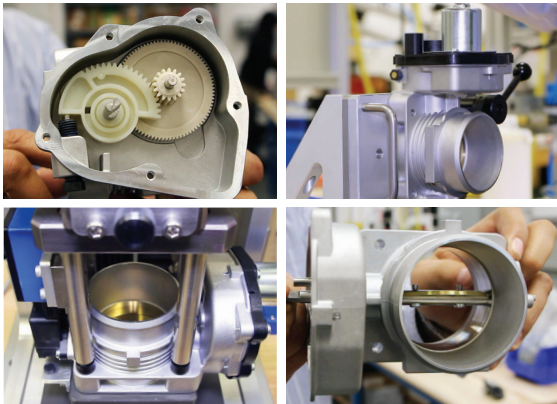

It's a fact, Electronic Throttle Bodies have high OE failure rates. When the original fails, it affects a vehicle's power, fuel economy, and drivability.

Always replace the failed original with a high-quality Tech Expert® ETB.

We include gaskets for required applications

More than 200 premium, 100% New ETBs covering 190 Million VIO.

As an expert Electronic Throttle Body manufacturer, we maintain complete quality control throughout the entire manufacturing process. We assemble and calibrate the components matching OE output voltages to facilitate the relearn process.

We even design and machine our own testing equipment to make certain every ETB that leaves our facility performs up to our critical standards.

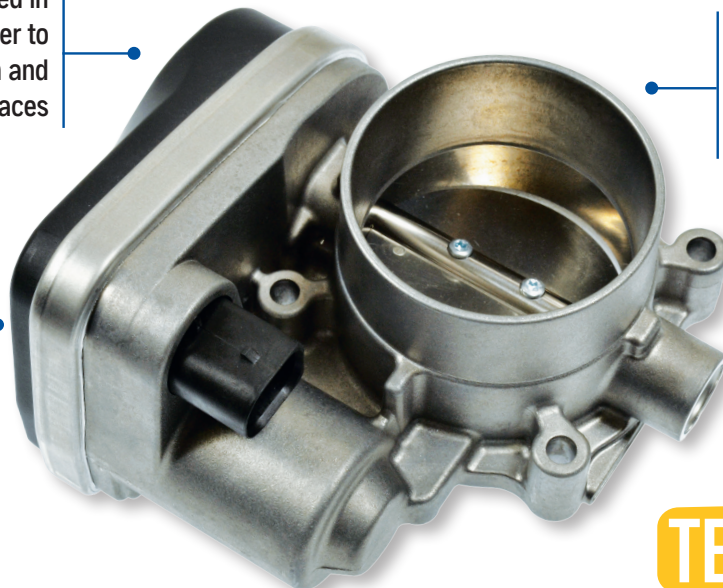

Optimal performance begins with quality components.

Magnet molded in high-performance polymer to ensure consistent location and low friction with bearing surfaces

Custom elastomeric seal protects sensor from environmental underhood elements such as dust, vapor, and liquids

100% calibration and extensive testing ensures superior performance and reliability

New, never remanufactured, which maximizes performance and extends service life

ETB164
Chrysler (2010-06)
Dodge (2011-05)
VIO over 1.9 million

TECH EXPERT®

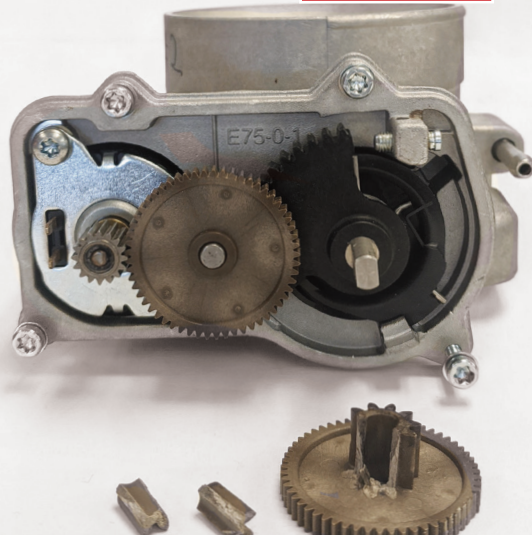

TECH EXPERT® OUTPERFORMS THE COMPETITION

Our ETBs are the result of superior design and the testing proves it.

Tech Expert® Electronic Throttle Body's superior quality stands up to the most severe underhood conditions and strenuous demands of today's engines – the competition did not.

COMPETITION

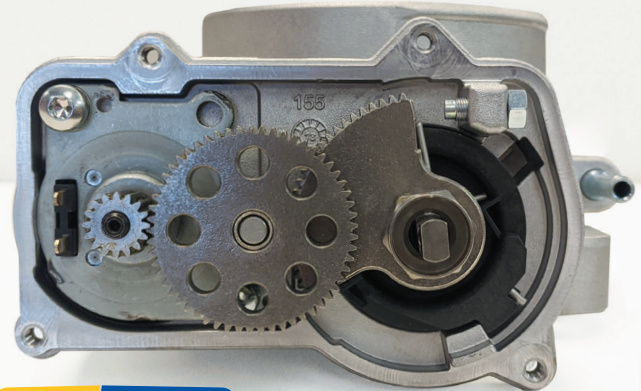

FAILED

- After only 10 days of testing, the competitor ETB failed with a cracked compound gear
- Inherent design flaws rendered the competitor unit unusable

TECH EXPERT® ETB103

PASSED

TECH EXPERT®

- Even after 45 days of endurance testing, our ETB was intact and fully operational
- Tech Expert® delivers a premium-quality ETB that performs under the toughest conditions

3 THINGS TO KNOW ABOUT TECH EXPERT® ETBs

100% New, not remanufactured to ensure optimal performance

Engineering upgrades plus extensive endurance testing for extra-durability

All Tech Expert-manufactured ETBs are built in our North American IATF 16949-certified facility

TECH EXPERT® EVER-EXPANDING ETB COVERAGE

The Tech Expert® ETB line will continue to increase coverage for this important category. Here's a sample of our growing ETB coverage.

ETB759

Ram 2500, 3500, 4500, 5500
(2019-13)

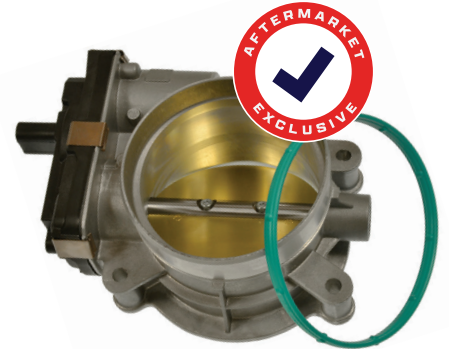

VIO Over 698,000

ETB2409

Ford/Lincoln Trucks & SUVs
w/ a 3.5L Engine (2021-17)

VIO Over 1.1 million

ETB1405

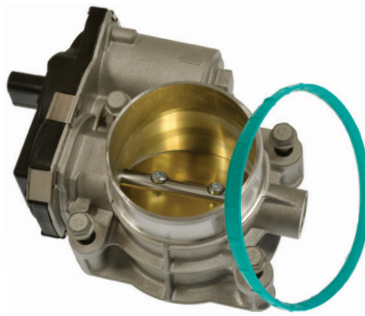

GM Cars & Trucks (2020-14)
VIO Over 1.2 million

ETB562

GM Cars & SUVs w/ a 3.6L
Engine (2019-12)

VIO Over 4 million

ETB564

GM Cars & SUVs, 2.4L
(2017-12)

VIO Over 2 million

ETB565

GM Trucks and Vans, 4.3L
(2018-14)

VIO Over 460,000

ETB566

GM Trucks & SUVs, 5.3L
(2019-14)

VIO Over 3 million

ETB583

Ford/Lincoln Cars, Trucks, SUVs
w/ a 2.7L Engine (2019-15)

VIO Over 600,000

ETB102

Ford/Lincoln (2019-10)
VIO Over 2.1 million
