TECH EXPERT™ Alternator Decoupler Pulley Tool Kit

On both domestic and import applications, the Alternator Decoupler Pulley (ADP) or the Overrunning Alternator Pulley (OAP) is becoming an increasingly more common part. Now, technicians no longer have to waste valuable time in the bay looking for hard-to-find tools to service either of these parts thanks to TECH EXPERT's Alternator Decoupler Pulley Tool Kit. Including a complete range of torx, spline and hex adaptors that will fit most alternators, TECH EXPERT's Alternator Decoupler Pulley Tool Kit is the most complete kit in the market today.
